

INTRODUCING ALMA

A community for Latino families in private schools.

ALMA is a new organization created to support Latino students and families navigating private schools. We were founded by eight Latino parents and community leaders with firsthand experience in private schools, and a shared belief in the power of community, culture, and opportunity.

OUR MISSION

Our mission is to build a community where Latino families feel connected, supported, and have a true sense of belonging.

Rooted in culture and strengthened by one another, we create opportunities for our children and families to thrive in private schools and beyond.

WHO WE SERVE
